

Product Technical Data Sheet

SKU Code: L8000

Product Category: Microwave & Oven Containers

Single Information **Polypropylene**

Length: mm

235

Width: mm

145

Height: mm

21

Volume: cc

Not Applicable

Weight: g

13.78

Thickness

Unknown

Max Temp °C

100

Recyclable

Recycled

Reusable

Case Information

Length: mm

600

Width: mm

250

Height: mm

600

Volume: m³

0.09

Weight: kg

6.4

Case Qty:

400

Microwave Safe

Dishwasher Safe

Suitable For Cold Food

Suitable For Hot Food

Freezer Safe

Min Temp °C
-18

Additional Information

* Material shares 70% recycled 30% virgin.

* Despite the coldest temperature is -18°C, This item can be frozen but are susceptible to shattering. It is the responsibility of the customer to test actual product in real temperature before approval for use.
